New ReUse Center store opening in East Metro

Salvaging reusable building materials and reselling them to the public.

MAPLEWOOD- A new resource for lower-cost, environment friendly building materials for homeowners is coming to Maplewood. On March 19th, the newest ReUse Center will open at 1723 Hwy 36 East. There will be a Grand Opening Event on Saturday, March 22nd, from 12pm to 4pm with food, beverages & prizes.

The ReUse Center stores keep 50,000 pounds of waste from our landfills every year by diverting materials to our stores where people can get a good deal on kitchen cabinets, wood flooring or that old door knob that they've been looking for.

Jamie or Brandon are available for interviews prior to the Grand Opening event. You may contact them at the numbers above to schedule an interview. You can get more information about the ReUse program, the other stores, or the Deconstruction Services at www.thereusecenter.com

The Green Institute currently operates two ReUse Centers, one in Minneapolis, and one that opened in Osseo in 2006.

MINNEAPOLIS

2801 21st Ave S Suite 180
Minneapolis, MN 55407
